Subject: FW: Question about license agreement with CFAC
Attachments: ROC Jami Bolt 20160216.docx

Hi, Robert.

Here is a bit of a loose end for CFAC. Jami Bolt contacted me regarding a bike trail being planned through the CFAC property (I've attached my ROC of the conversation). I've spoken with Mark and then with Fran Costanzi about other sites where this has taken place. Apparently, there are no other similar situations. Could you touch base with Mark about the path forward to answering her questions and then let her know what you learn? Please copy me when you do, so I can cross this off my reminder list.

Thanks, and have a great weekend!
Cynthia

Subject: Question about license agreement with CFAC

Hi, Jami.

As we discussed last week, I talked to our site attorney about the concerns the county has expressed about potential liability related to the proposed bike trail through the CFAC property. He suggested I contact some of the other sites where this kind of reuse has taken place to see how that question was answered. I'll be reaching out to the project managers of sites with similar situations and get back to you as soon as I have more information.

Best regards,
Cynthia
